Accommodation

The motor sailer Romanca is a nine cabin boat built to comfortably accommodate a larger number of people than normal gulets. One of the most interesting features of this boat is the fact that the crew can do their duties almost completely separated from the clients, so you can have your privacy if that is your preference. The exterior of the ship consists of the back area, where the outdoor dining table is located, and the big sun deck, which also has deck chairs. The area is covered, and the sun deck can also be partially covered in case you would prefer not to have so much sun. The main deck also has one guest cabin. The salon has two dining tables and the bar, with various drinks available, as well as some of the finest Croatian wines. Passing through the salon, you reach the interior corridor where 8 guest cabins are located.
